

DART Construction and Impact on Roads

Campbell Closure

January 4-6:

DART will close Campbell in order to tie in the tracks.

Hillcrest Road

January 25:

DART will shut down Hillcrest between McCallum and Wester Way for ONE (1) year. Detour signage will direct traffic to alternative routes.

Coit

Coit construction will NOT reopen to provide relief for the Hillcrest closure. Lane switches and other construction work will continue concurrently with the Hillcrest closure.

McCallum

Southbound travel from McCallum and through traffic southbound on Hillcrest will NOT be possible.

Preston and Coit

These two throughfares will be the primary detours for redirected Hillcrest traffic. East West traffic flow on Campbell will enable commuters to access Hillcrest at the Campbell/Hillcrest intersection.
